

Message from the Founder:

As an artist with over 30 years of experience, I started this non-profit organization in mid 2012 for a couple of reasons. The main reason was that I felt I could use my experience to help other street painters grow and become successful.

Through my work at the Dayton Visual Arts Center, I have seen firsthand how valuable an organization like this can be in helping artists get the recognition and help they need to succeed. During my travels as a street painter, I have met many other great artists, but saw a need to help them connect. I also saw that many artists and students need help getting supplies and funding their travel to events.

We hope to help others to try street painting for the first time, enjoy it, understand it better, and/or make it a lifelong career.

We are a small but growing community of artists who deserve to be recognized for our contributions to the arts. This organization hopes to grow and meet those needs over the years. We hope you will join us and help us make this a truly global arts group.

- Jennifer Nichols Chaparro, Director

2015 Annual Report

About the International Street Painting Society

This non-profit organization was started in 2012 and will focus on connecting street painters worldwide. The society's purpose is to focus on street artists (which can include chalk & paint, traditional and 3D). It's vision is to elevate awareness and educate the public, on an international scale, about street painting.

Mission Statement

To promote and educate about the art of street painting internationally as a legitimate art form.

To provide opportunities worldwide for street painters/chalk artists to connect and network, share information and prosper as artists.

To connect persons with an interest and passion for street art. The benefits we hope to provide in the near future to members are:

- A link on the website to the artist's website
- Newsletter & email blasts
- First notice of grants & events
- Help with the business of being a professional artist (sample contracts, how to videos, and webinars)
- Connecting artists with festivals & clients
- Grants of both chalk for festivals and workshops lead by ISPS members.

Let us know if there is something else we can provide to you as an artist or organization, to help you build your business and/or reputation.

2015 in Review

Membership dropped to 24 members in our third year (see stats on back). Most of the members were from the US, but there were also a few from Britain and Italy. Biannual newsletters were produced, and also documents for chalk businesses and information on chalk properties were added to the members only page. Members also received a page with their name, the ISPS logo and QR code that they could display at events for more visibility.

2016 and Beyond

In 2015, ISPS will be working to grow the membership on an international level. Increased presence on Facebook, quarterly newsletters, quarterly updates on event list, and offering events the opportunity to have an ISPS member give a workshop and also apply for chalk & supplies through a grant process.

Current Board

Jennifer Chaparro, President (Florida, USA) – Chalk Artist & Owner of Amazing Street Painting
(www.AmazingStreetPainting.com)

Michael Nichols, Finance Committee (California, USA) – Retired Engineer
